OPTIONS

Wheel Covers: These are made to fit over steel wheels that come standard with the cart. This is a simple effective way to dress up boring wheels.

Mag Wheels:

Made from solid billet Aluminum and polished to a bright shine. These are the ultimate statement of class.

Enclosure: Made from heavy duty plastic and large easy to handle zippers. This will keep you from the elements while you go to town.

Locking Trunks:

Sometimes you just need to lock some items away while you shop or keep secure while you travel.

Golf Bag Holder:

Made for the Mercury model this is a simple yet functional design that keeps your clubs secure while you keep your mind on the game.

Golf Bag Holder:

Made for the Venus EV400 model, this design keeps clubs secure and out of the way. It can also act as extra cargo space with the supportive wire rack.

Aluminum Box Bed:

Made for the Mercury model this aluminum truck style bed has a convenient rear drop down gate to allow access storage area.

Alert Lights:

These lights can be used in a commercial or security setting or just an extra sense of security knowing you are seen if you drive on heavily travelled auto roads.

On-Board Charger:

Take your charger with you and plug in anywhere. Low Batteries? No need to wait for a full charge before you leave.

Lighted License Plate Bracket:

Stay Legal with this lighted plate holder. Lights up when you turn on your headlights.

License Plate Bracket:

Easy to mount front and rear plate holder.

Mini Lighted License Plate Bracket:

Stay Legal with this lighted plate holder and maintain a sleek design to your cart. Lights up when you turn on your headlights.
